Row Your Boat, and Things That Go

traditional with additional lyrics by Nancy Stewart
©2003 Friends Street Music BMI

1. Row, row, row your boat gently down the stream
2. Ride, ride, ride the bus merrily down the street
3. Drive, drive, drive the truck to the park today.
4. Drive, drive, drive the fire engine round about
5. Fly, fly, fly the plane up into the sky
6. Ride, ride, ride the train up the hills and down

Merri-ly, merri-ly, merri-ly, merri-ly, life is but a dream.
 Pay the driver get on board and kindly take a seat.
 Dump the sand into the box so everyone can play
 Climb the ladder Spray the water, put the fire out
 Wave to people down below as we're passing by.
 passing thru the countryside and passing thru the town.
