Shapes are all a - round, you see them ev - ry - where, rec - tang - les,

tri - ang - les cir - cles, and squares
1.Close your eyes and when I count to
2.Close your eyes and when I count to
3.Close your eyes and when I count to
4.Close your eyes, and when I count to

three, o - pen them and find a square, point it out to me.
three, o - pen them and find a cir - cle, point it out to me.
three, o - pen them and find a tri - ang - le, point it out to me.
three, o - pen them and find a rec - tang - le, point it out to me.
