Valentine Song [Copyright 2002 Nancy Stewart](#)

With a little paper, scissors and glue
scissors and glue

With a little paper, scissors and glue
I'll make a Valentine just for you

First I'm gonna draw a big red heart
a big red heart
a big red heart

First I'm gonna draw a big red heart
To make a Valentine just for you

I'll take a pair of scissors and I'll cut it out
I'll cut it out
I'll cut it out

I'll take a pair of scissors and I'll cut it out
To make a Valentine just for you

I'll take a little glue and I'll stick it down
I'll stick it down
I'll stick it down

I'll take a little glue and I'll stick it down
To make a Valentine just for you

Then when you open it you will see
You will see
You will see
How well I can cut and draw and glue
To make a Valentine just for you
Gonna make a Valentine just for you!
